

DISNEY MINNIE MOUSE MAGNETIC TRAVEL SET & STITCH MAGNETIC CUBES BRING CREATIVE FUN ON THE GO!

Available now at Walmart, in-store and online, for imaginative play anytime, anywhere.

Marshfield, MA (August 27, 2025) – Summer is here, and the forecast predicts sunny days and family trips to make the most of the season. Destinations can be a blast, but getting there is sometimes a slog, especially for kids. Whether by car, plane or train, long travel times equal restless minds and limbs, craving something fun to do. But what if you could take your favorite toys with you; a toy with endless play value that stimulates your imagination? Tytan Toys is here with an answer in the form of brand-new travel-friendly sets. The STEM and STEAM certified toy line is bringing a new dimension to magnetic tile play in the form of two new additions to the Disney collection, both of which are perfect for taking on-the-go.

Each set comes with the Tytan Toys guarantee of high quality, durability, and functionality. Look no further than their translucent surface to see the trademark gear design which reinforces each Tytan tile. Tytan Toys puts magnetic play in the hands of kids that's safe and secure. Their magnets are strong enough to hold structures together, but gentle enough for easy exploration, inviting children to disassemble and combine again and again.

Who knew Minnie Mouse had a summer home to escape to? The [Disney Junior Minnie Mouse Magnetic Tile Travel Set](#) is a more compact set with just as much room for imagination as Tytan's standard sizes. Among its 29 pieces are a wealth of Tytan-sturdy square tiles in pink, purple and light peach, triangular tiles, fence tiles, window tiles, a 3d magnetic Minnie Mouse bow and more! A reusable sticker sheet is included with sturdy stickers of Minnie Mouse, Daisy Duck and Figaro the cat to create your own stories, even on the go. Worried about losing pieces? Tytan has you covered!

The Minnie Mouse travel set includes a convenient carry bag that holds everything that comes with this magnetic tile set.

With Disney's *Lilo & Stitch* recently passing \$1B at the global box office, it's a certified Summer of Stitch! And who better to launch a brand new style of Tytan Magnetic Tile toy than our favorite mischievous alien. The [Disney Stitch Magnetic Cube Set](#) introduces magnetic cubes to the mix, completely changing how you play. Instead of connecting at the edges, these cubes attract surface-to-surface, allowing you to quickly build up super solid structures in any shape you can envision. The 53-piece set includes loads of brilliant blue cubes, triangular prisms and quarter circles, plus turquoise cubes and pink arches to fill out Stitch's details like ears and tummy fur. That's not all, you also get reusable character and feature stickers for both Lilo and Stitch to decorate your structure. Follow the directions to build a big Stitch, a Lilo, or freestyle and get creative!

[Disney Junior Minnie Mouse Magnetic Tile Travel Set](#) and [Disney Stitch Magnetic Cube Set](#) are available at local Walmart Stores, online at [walmart.com](https://www.walmart.com) and [tytantoys.com](https://www.tytantoys.com).

About Tytan Toys

Tytan Toys offers magnetic tiles in a variety of shapes and sizes, designed to inspire creativity and innovation through hands-on play. With just a click, these magnetic tiles transform into endless possibilities, limited only by their imagination. Featuring bright, vibrant colors, Tytan Tiles encourage children to explore their creativity, develop fine motor skills, and engage in screen-free fun. As the official Disney Collection, Tytan showcases beloved characters that add an extra layer of magic to creative play. Tytan Toys brings learning, imagination, and a touch of Disney magic together in a way that's both engaging and educational.
